

# GREECE SEEKS AID OF AMERICA IN WAR CRISIS

Thousands Appeal to Legation and Protest Against Allies Landing.

## MISSISSIPPIAN IS CROWD'S SPOKESMAN

Marines March Through Streets of Athens With Bayonets Fixed.

ATHENS, Oct. 17.—(Via London, Oct. 18.)—After the demonstration here against the entente allies during which a procession of several thousand persons marched to the American legation and protested against the landing of French marines, a delegation of six persons called at the American legation and presented resolutions asking the sympathy and protection of the United States against the encroachments of the entente powers. The spokesman said in English, in presenting the resolutions: "Henry Clay's speech in regard to Greece's struggle for liberty, as well as one by Daniel Webster, said the struggle would have been made meaningless if the liberties of Greece had been subsequently lost."

The American minister, Garrett Dromper, promised to forward the petition to Washington.

There were about five thousand persons in the crowd which marched to the American legation last night, carrying huge American and Greek flags. Recent reports published in Greek newspapers that an American fleet of thirty warships was on the way to Greece spurred the crowd to insist on seeing Mr. Dromper, although the legation remained dark, the door was closed and no one answered the bell. For several hours the fruitless attempt to gain a hearing at the legation was continued with repeated cheers for the United States.

Watch Administration.

Unknown to the crowd the American minister and the legation secretary were watching the demonstration from windows of the American club directly opposite.

When it was seen at last that no response could be had at the time from the legation a committee including an English speaking Greek named Kilks formerly from Mississippi was formed to wait upon Mr. Dromper today and beg him to put the case of Greece before the American people.

After the demonstration before the American legation the crowd continued on PAGE TWO

# WHOLE SOUTH FEELS TWO DISTINCT SHOCKS

BUILDINGS SHAKEN DOWN IN SOME INSTANCES, BUT DAMAGE WAS VERY SLIGHT.

Low Barometrical Pressure is Given by Experts as Being Cause of Upheaval.

ATLANTA, Oct. 18.—Two distinct earthquake shocks, that in some instances shook frame buildings and knocked chimneys down, were felt through Georgia and eastern Alabama and Tennessee shortly after 4 o'clock this afternoon. From all points damage was reported as negligible, except around Birmingham and Montgomery, where it appeared to consist of damage to chimneys. Many persons, however, ran from their homes here and in other southern cities.

The tremor was not felt at any point east of a suburb of Augusta, Ga., according to reports tonight.

C. E. von Herrmann, section director of the local United States weather bureau here, said there generally was believed to be a connection between earthquakes similar to the one today and low barometrical pressure such as existed along the Gulf coast during today's hurricane there.

# MASKED BANDITS MAKE RICH HAUL

Hold Up Centralia National Bank in Broad Daylight and Get \$5,000.

# WAS NO BLOODSHED

Officials Are Made to Lie Down Until Currency Has Been Secured.

CENTRALIA, Okla., Oct. 18.—Three bandits today entered the First National bank of Centralia, ordered four officials and two customers of the bank to lie down on the floor with their face downward, rifled the cash drawer and vault of approximately \$5,000 and then escaped the six men in the vault and escaped the four outside occupied by a fourth accomplice.

Two of the three robbers who entered the bank were armed with revolvers and the third with a rifle. The man armed with the rifle stood guard near the door while the fourth remained in the automobile. One of the robbers is said to have had his face blackened.

Made to Lie Down.

As one of the bandits stepped to the counter he leveled a revolver at the bank officials and commanded them to lie on the floor with their face downward. After taking all the money in the cash drawer one of the men went into the vault and robbed the safe, placing the loot in a sack. While the robbery was in progress the customers entered the bank and they were compelled to lie on the floor.

When the bandits had emptied the safe in the vault they commanded the four officials and two customers to march into the vault. The vault door was then locked and the robbers left the building and jumped into the waiting automobile.

A store clerk said the bandits leaving the bank building and suspecting robbery, entered the bank and released the six men from the vault. A posse was then organized and the bandits tracked 12 miles, the trail finally becoming lost and the chase abandoned.

# WOULD WAGER \$200 ON ONE CANDIDATE

With the election but three weeks off interest in the county campaign is growing daily. For awhile it was feared that the presidential and congressional races would overshadow the local fight but the aggressive campaign being waged by every candidate on both dominant tickets has resulted in a widespread interest in the battle.

That the chances for Republican victory in the county are exceedingly bright is the belief of politicians of both parties, who admit that there is going to be much "scratching" and that there is a likelihood of a "mixed ticket" being elected.

One prominent Tulsan last night offered to wager \$200 that C. E. Baldwin, the Republican candidate for county attorney, would be elected over his opponent, George Reeves, the Democratic nominee. He believes Baldwin will be elected by a majority of from seven hundred to eight hundred votes and is willing to back his judgment with \$200 in cash, which he will put up against a similar sum and not ask for odds.

He is reliable and means business. Anybody desiring to "cover" the amount may satisfy their longing by calling the editorial department of The World before noon today.

This is not a "bunk" story nor is it written merely to create campaign "thunder" for Baldwin, who is not that type of candidate. Money talks.

# JITNEURS QUIT RATHER THAN OBEY CITY DADS

Cars Stopped at Midnight When Limiting Ordinance Is Effective.

## INTEND TO SHOW TO CITY NEED OF CARS

Decision Comes When Commissioners Turn Down All Petitions.

THE jitneys have quit. Rather than antagonize the city administration every jitney in Tulsa went out of business at 12 o'clock last night. The new ordinance limiting the number of passengers to be carried by a jitney at any time to two more than the registered capacity of the car became effective at that time.

This morning hundreds of persons who have been accustomed to ride down town in jitneys will be compelled to either go ahead to the business district or walk to the nearest street car line. How long the demonstration of the jitney drivers will last is problematical as they say it depends upon the number and force of protests lodged with the commissioners.

A contest of the jitney ordinance will not be made in the courts as previously threatened by the jitney men. Instead they believe a suspension of all jitney service will have a greater effect on the city commissioners. A parade of all the jitneys through the downtown streets will be held this morning.

Hope that a peaceable policy would gain more than an open fight against the ordinance was given the jitney operators yesterday in conference with Mayor Simmons and Finance Commissioner Brink. According to the jitney men they were told that a new ordinance may be considered by the commissioners.

Destroys Business.

Operators of jitneys declare that the ordinance passed last Friday absolutely destroys their business. Besides limiting the number of passengers to what they declare would not permit them to operate at a profit, the ordinance provides other restrictions. All drivers are required to pay an annual license fee of \$75, payable semi-annually and pass a physical examination.

At a meeting of the jitney union Monday night it was decided to apply for an injunction to restrain city officials from enforcing the new ordinance. The matter hung fire all Tuesday and part of Wednesday, but yesterday noon an agreement was reached not to apply for the restraining order.

"We believe the citizens of Tulsa want the jitneys," said Secretary Carl Maupin of the jitney union last night. "It is impossible for us to operate our cars and not lose money under the regulations of the new ordinance," he added.

84 Cars in City.

There are 84 jitney cars in Tulsa and more than one hundred drivers are engaged in the work. One-fourth of the jitneys run on Admiral boulevard. Among the other districts served are North Main and North Denver, Boston and Maple Ridge, Carson, South Denver and West Tulsa.

The jitney men believe stopping all of their cars will be the most effective means of obtaining new regulations. They expect a prompt protest to the city commissioners from the persons who will be inconvenienced by the discontinuance of the jitneys.

The jitney question will probably come before the commissioners again at the meeting tomorrow morning. All of the jitneys are planning to attend and they say they will have a delegation of citizens there to protest so that there will remain no doubt in the minds of the commissioners that the jitneys are really wanted.

# SAYS INDIAN RACE WILL BE WIPED OUT

Rev. C. L. Hall Predicts That Inter-marriage With Whites Will Eradicate Reds.

MINNEAPOLIS, Minn., Oct. 18.—Rev. C. L. Hall of North Dakota, for two score years a missionary on the Fort Berthold reservation, declared in an address before the American Missionary association today that the Indian and white races will be completely merged through intermarriage within the next fifty years.

"Despite the fact that the Indian birth rate is rising and the death rate falling off, I believe that the Indian race will have disappeared fifty years from now," the speaker said.

"Inter-marriage between whites and reds rapidly is increasing and with the absence of the stigma which attaches itself to intermarriage of certain other races. The only objectionable feature lies in the fact that many whites are marrying Indians to obtain their shares of tribal wealth. But this, too, is hastening the amalgamation."

# STORM PLAYS HAVOC ALONG SOUTH COAST

Two Are Killed, Several Boats Are Sunk and Buildings Destroyed.

## PENSACOLA WORST SUFFERER TO DATE

Mobile, New Orleans and Smaller Towns Also Share in Damage.

PENSACOLA, Fla., Oct. 18.—Several vessels in the harbor here sunk, numbers of small craft suffered damage and one life was lost in the terrific tropical hurricane that swept through here today, at one time reaching a velocity of 114 miles an hour. Property damage in Pensacola itself was confined chiefly to roofs being blown off and plate glass windows destroyed.

Reports from the United States navy aerostatic station near here were to the effect that it escaped with comparatively little damage, the newly completed permanent hangars having withstood the gale.

The storm, however, was said to have caused some damage to machines at the navy aerostatic station, but the floating dirigible shed was strong enough to withstand the gale, which came in such terrific and sudden gusts that in Pensacola it blew several persons through plate glass windows in the downtown district, and carried away the weather observation tower on top of a high building. The barometer registered 29.63 just before all instruments were put out of commission.

Cook Is Killed.

Daniel Cobb, cook on the small steamer Flanders, which was reported sunk two miles from here, was the only person known to have been killed. The crew of the Flanders was brought to this city tonight. Some of these injured here are believed to be seriously hurt.

Shipping damage, besides that to numerous small boats and fishing craft and the Flanders, included the driving together of two Navy-owned bark Oaklands of 598 tons and the 438-ton steamer J. E. Dubignon, which recently was damaged and which was being converted into a barge here. Both suffered damage, which could not be accurately described tonight. Three fishing schooners were driven ashore and the Russian bark Albyn went ashore in the bay, but was recovered. She is a vessel of 1,243 tons. The small schooner Amy Nixon, in tow of the Flanders, broke loose and had not been accounted for tonight. It was not known how many men were aboard.

NEW ORLEANS, Oct. 18.—With Mobile reporting that that city had come safely through the tropical hurricane, reports of casualties in the Gulf of Mexico early today and other points on the edge of or in the path of the storm heard from reports were anxiously awaited tonight from Pensacola, which had been cut off from wire communication since about 8 o'clock this morning. Mobile's report of having experienced a wind that reached a maximum velocity of 119 miles, caused fears that Pensacola, which also reported a wind in excess of the center of the hurricane, had been visited by a storm equally as severe as that which swept over the lower part of Alabama.

Mobile Cut Off.

Mobile was cut off from communication about two hours, while the storm raged furiously here. Reports late today estimated the damage in Mobile city, exclusive of shipping, at about \$5,000. A negro woman was killed by a live wire, but there were no further reports of casualties in the city. Two river steamers were sunk there, a schooner and another steamer.

# BUGGY RIDE HAS TRAGIC FINALE

Dave Myers Shoots Mrs. Julia Carrio, Drives About Town, and Then Succeeds.

OKLAHOMA CITY, Oct. 18.—Because she refused to accompany him on a buggy ride, Dave Myers, about 19 years old, today shot and seriously wounded Mrs. Julia Carrio, and then committed suicide by shooting himself. The woman was taken to a hospital where it was said her condition is critical.

Mrs. Carrio is said to be the wife of an employee of the Missouri, Kansas & Texas railroad. She knew Myers before she and Carrio were married, she said.

Mrs. Carrio, according to her story, agreed to go with Myers after she was shot. Sheriff Hinton of Oklahoma county, when informed of the shooting, started in pursuit of the couple and when captured, Myers, it is said, shot once into the air and then killed himself. He died instantly.

PLAGUE VICTIM IS BETTER

# BOWMAN DIVORCE SUIT OCCUPIED THE STAGE

DEFENDANT IN CASE DECLARES SHE NEVER WAS MARRIED TO MAN WHO IS SUING.

Marriage Was Performed, But Minister Must Decide Whether Woman Is the One.

The most peculiar divorce case ever tried in Tulsa county is scheduled to begin this morning before Judge Frankmire of the superior court. It is the suit brought by Theodore Falmeyer against Mrs. Eva Marie Fisher Bowman, whom he claims is his wife. Mrs. Bowman denies that she was ever married to Falmeyer.

Mrs. Bowman's attorneys state they anticipate little difficulty in proving that the defendant was never Mrs. Falmeyer. The plaintiff, however, insists that he and Mrs. Bowman were married in July of last year at Fort Smith, Ark.

There is no doubt that a marriage license was issued about that time in Fort Smith to Theodore Falmeyer and a "Mrs. Eva Marie Fisher Bowman." Just who this Mrs. Bowman was remains a mystery. The testimony of an Episcopal minister who performed the ceremony is expected to be the chief factor in determining the case.

Mrs. Bowman is the widow of R. C. Bowman, a former deputy U. S. marshal, who was killed while on duty in Louisville, Ky. She was awarded \$1,600 by the federal government for the loss of her husband, and also owns considerable property in Tulsa county. With her two children she resides at 704 South Houston.

# VOTE FOR HUGHES MEANS REAL PEACE

Federal Reserve Bill Contains Defects Which Should Be Removed.

KALAMAZOO, Mich., Oct. 18.—Charles E. Hughes told an audience in the armory here tonight that a vote for him, far from being a vote for war, meant a vote for the maintenance of American rights, and that while Americans went abroad lawfully to further American enterprises they should go with the "backing of the American government."

The nominee assailed the administration for its foreign policy, for its claim that it had added business for the Underwood tariff, for altered failure to observe the merit system in making appointments and for extravagance. He declared the present prosperity of the country temporary and due to the European war. The federal reserve bill, he said, "giving credit where credit was due," was largely the result of the report of the Republican monetary committee, and contained "defects which should be removed."

Corrects Quotation.

Mr. Hughes also took occasion to correct a misquotation in the official transcript of his speech at Omaha in which he was quoted as saying that the administration had not clarified the anti-trust act, but had added a fake phrase.

Mr. Hughes said he had not used the words "fake phrase," but that he said the phrase was a vague phrase.

# CITY CLUB GETS DOWN TO LABORS

Permanent officers of the newly organized City club were selected last night at a meeting of the board of governors of that organization.

George E. Black, well-known oil producer, was selected as the first permanent president, with L. W. Rook, first vice-president; Dr. Charles Evans of Kendall college, second vice-president; R. M. Purdy, secretary, and W. E. Gordon, treasurer.

The meeting of the board of governors was held in the offices of W. V. Biddison, one of the board. Under the constitution adopted last week, the officers were to be selected from the board of governors by the board of governors.

The president, first vice-president, secretary and two other members to be selected by the officers will serve as the executive committee of the club. Permanent committees will be announced later.

The next meeting of the club will be held in the grill room of Hotel Tulsa at 12:15 Saturday. Professor McCurdy of Kendall college will be the principal speaker.

The board of governors after a little discussion yesterday, decided to open the civic work of the club by giving a banquet to the Kendall college football team at the end of the season as a mark of appreciation for the splendid work done by the eleven this year.

# RUMANIANS STOP TEUTON ADVANCE

At No Point Along Line Does Berlin Claim Successes.

APARENTLY the Rumanians have been successful, at least temporarily, in stopping the advance of the Teutonic allies along their border. At no point along the line does either Berlin or Vienna claim fresh successes against the Rumanians, while the Bucharest war office asserts that the troops of King Ferdinand at various points have repulsed the attacks of the Teutonic allies, inflicting heavy losses on them and capturing numbers of their officers and men.

Violent fighting is still in progress in Galicia, where on the Narayevka front the Rumanians have stormed a Russian position and captured 359 men and 12 machine guns. Berlin asserts that west of the Luts in Volhynia, following the repulse of the Rumanians, the troops of Emperor Nicholas have not returned to the front and are merely bombarding the Teutonic positions.

French Make Gains.

Both north and south of the Somme the French troops have made fresh gains. The village of Sully-Sallilieu is now entirely in their hands and the Germans have been driven from the hills northwest and northeast. Over a front of a mile south of the river between La Maisonette and Biaches the German first line defenses have been driven back by the French.

East of Thiepval gains by British north of Guinecourt and near Butte De Warlencourt are recorded by the London war office.

British tanks and bombardments feature the fighting in Macedonia.

In the Austro-Italian theater the Italians are another step forward in their advance in Trentino having broken the Austrian line between Cosmacion and Rolle and also taken a commanding position on Mount Passubio.

Greece still remains a center of interest as the result of the landing of entente allied marines at Athens and Athens. Fresh demonstrations of bitterness by the Greek populace against the marines have been shown and the situation still remains tense. An appeal drawn up at a meeting of Greeks at Athens has been handed to the American minister for transmission to Washington. It asks the American people to avert the subjugation of those who desire only to remain free."
